

What's the Best Way for Us to Get In Touch?

We appreciate that you are entrusting your child to our care and we are committed to providing the very best after school experience that we can – for you as well as for your child. We want you to know and understand our policies, what your child does when s/he is with us, how your child interacts with other children in the program, and anything else you'd like to know about what happens here.

To make our after school program the best experience for your child, we need to know as much as we can about him or her. So we ask you – the expert – to share as much as you can about what s/he likes and dislikes, what s/he finds exciting and interesting, what s/he might fear or consider a happy challenge, and anything else you think might help us meet the needs, wants, and hopes of both you and your child.

In short, we need clear channels of communication with you. To facilitate that communication and honor your time in today's busy world, please complete the following survey which will help us know the best and most effective way you'd like us to stay in touch.

- Send a note home with my child when something great happens
- Send a note home with my child when something bad happens
- Talk to me when I come pick up my child – when it's good
- Talk to me when I come pick up my child – when it's bad
- Set up a regular conference regardless of whether it's good or bad
- Call me at home with something good
- Call me at home with something bad
- Call me at home with a regular general report on how s/he's doing
- Call me at work with something good
- Call me at work with something bad
- Call me at work with a regular general report on how s/he's doing
